

## Access Statement

### Disabled facilities

We have a certain amount of disabled play equipment and facilities. Every effort has been made to allow reasonable access to the park, however the upper woodland area, where the play structures are located, is naturally sloping and needs to be assessed as to individual needs. You can see the terrain on our Pinterest board.

### Our BeWILDerboats

You can take prams and buggies on to our BeWILDerboats however it's a little bit more tricky with wheelchairs. So, there's an alternative route that you can use to enter the park - our Treacherous Trail - which is just as magical as the boat ride (and it gets you up and close to the Twiggie houses!)

Sorry, no dogs (except guide dogs) - Twiggles are scared of them!
